The cost of travel continues to rise. This increase is needed to avoid economic pressure to settle cases simply to avoid the travel costs associated with making witnesses and victims available to testify. Recent legislation getting tough on criminals committing sex offenses, etc., and tougher sentencing guidelines (supported by the Division) coupled with the increased use of forensic (CSI) type evidence has resulted in a significant number of felony defendants who are choosing to risk going to trial rather than pleading out. While the Division is convicting most of these defendants, the impact to the Division has been an increase in complex trials that are taking longer to resolve. As a result, the number of trials with significant travel costs involved has increased. In addition, the Division is faced with increased travel costs as a result of the increase to instate daily meal and incidental expense rates that was raised from \$42 to \$60 effective November 8, 2006, an increase of 43%.

As the Criminal Division has grown in staff and lease amounts experience annual Consumer Price Index increases, leasing expenses for the Division have accordingly increased significantly in the last several years. The Division has been working very hard to absorb these leasing increases within the existing operating budgets by reducing spending in other areas of our budget and deferring purchases to the next budget year. It is no longer possible or prudent to cover the leasing increases in this manner.

<p>The Department of Law is the only State agency that does not pay for parking for its Anchorage employees. Parking costs continue to increase and are a burden on lower paid staff members and a drain on morale. Currently, office leases in downtown Anchorage only provide a parking space for each 1,000 square feet of leased space. At present, office leases include 75 parking spaces while there are 307 employees in those offices. Employees are dissatisfied with the unfairness of paying for parking while other state employees park for free. This increment would provide funding so that parking could be provided to employees.</p>

The cost of travel continues to rise. This increase is needed to avoid economic pressure to settle cases simply to avoid the travel costs associated with making witnesses and victims available to testify. Recent legislation getting tough on criminals committing sex offenses, etc., and tougher sentencing guidelines (supported by the Division) coupled with the increased use of forensic (CSI) type evidence has resulted in a significant number of felony defendants who are choosing to risk going to trial rather than pleading out. While the Division is convicting most of these defendants, the impact to the Division has been an increase in complex trials that are taking longer to resolve. As a result, the number of trials with significant travel costs involved has

The Boards of Fish and Game, and the Governor's multi-agency internal Work Group Wildlife Enforcement created to study the issue of diminished priority being given to wildlife enforcement recently concluded that there are not enough wildlife troopers to do the job. The group came up with a plan to add 29 new troopers specific to wildlife enforcement over the next three years, and provide adequate training and increased recruitment efforts focused on this aspect of law enforcement. As this effort steps up, there will be more cases requiring prosecution. The work group recommended also adding a prosecutor to help combat criminal activities related to fish and game.

The Civil Division in Anchorage has outgrown it's office space in the Brady Building. Recently additional space has become available in the nearby Whale Building. The Collections and Support section is the best candidate to take over this new space due to its size and interest in the space. The collections unit of the section is funded in part from money collected from those who owe the State, usually as a result of fines and cost of incarceration and appointed counsel. There are ample general fund program receipts from collections available to cover the new leased space. The section is scheduled to move into the space in December 2006.

Beginning in FY07, the section will see an increase in services to be delivered to the Department of Revenue as a result of the Cruise Ship Initiative that passed in December 2006. This initiative increases the caseload for the Department of Revenue's Tax Division by creating a new excise or head tax and making cruise ship income subject to the state's corporate income tax. The initiative also makes certain cruise ship gaming revenues taxable. Revenue will have to develop new regulations for collecting the head and income taxes. The Commercial and Fair Business Section will be involved in the development of these regulations. The section also will be called on to help the Department of Revenue deal with audits and administrative hearings regarding the collection and enforcement of head taxes and corporate income taxes. Because of the international nature of the cruise ship companies their tax appeals will be very complex. The tax on gaming proceeds also will lead to additional audits and tax appeals and, therefore, increased work. A new attorney position will be added to the section to deal with the work associated with the Cruise Ship Initiative.

<p>Fiscal Note: Sec 2 CH 33 SLA 2006 p 43 In 3 (SB 237) This bill increases the number of Superior Court Judges designated for the Third and Fourth Judicial Districts by adding two in Anchorage; two in Palmer; and one each in Kenai and Fairbanks. The Senate Judiciary Committee amended the Governor's originally proposed legislation to add a judge in Palmer and one in Fairbanks, increasing the number of judges the bill would add from four to six.</p> <p>With the addition of two judges in Palmer, the Palmer Court will require an additional attorney in the Child Protection/Human Services Section. The addition of two more judges will make it impossible for one attorney to handle Child Protection/Human Services cases scheduled before six different judicial officers including the district court judge and master. A second AAG is necessary in order for our office to be prepared for those hearings and to advance cases more quickly. The amount requested is in accordance with the Department of Law's FY2007 timekeeping and billing rate for one additional attorney with associated support staff costs.</p>

The Child Protection Section seeks to add two paralegals, one each in Palmer and Kenai. Presently, in each of those locations, one attorney is handling the entire child protection caseload, and in both instances the caseload is far above the recommended 100 cases per attorney, with 160 in Palmer and 196 in Kenai. The Palmer office will soon add a second attorney as a result of the passage of SB237 in the last legislative session that adds new judges around the state, including two in Palmer and one in Kenai. This means that cases will be moving through the judicial system much more quickly. Attorneys doing child protection work in both locations will greatly benefit from additional paralegal support. Paralegals are generally responsible for obtaining often voluminous case files for the Office of Children's Services, purging those files of confidential information, and providing copies as discovery to the other parties to the case; reviewing OCS files to prepare exhibit lists and motions for records; arranging for subpoenas for witnesses; preparing pre-trial notebooks; contacting and interviewing witnesses; scheduling witnesses for trial; preparing routine motions and responses to motions; and trial support. Without paralegal support, these tasks fall to the attorneys and detract from preparation for court. Two additional paralegals and funding, one each for Kenai and Palmer are requested.

In addition, funding from Law's fiscal note for SB237 will allow this section to add an additional PPT Law Office Assistant in Palmer.

Fiscal Note: Sec 2 CH 33 SLA 2006 p 42 In 24 (SB 172) Language was added to this bill on the House Floor requiring the Department of Law to complete a review of any ballot initiative application within sixty days. Current law does not impose a timeframe for such a review. In recent years this agency has experienced an increase in both the number and complexity of initiative applications. Recent examples include the gas tax, gambling and cruiseship initiatives. In 2005 there were thirteen initiative applications to review, up from ten in 2003.

Imposing a sixty day deadline within which to complete the review and analysis will cause an increase in the workload of the Labor & State Affairs section. It is estimated that the services of an additional 1/4 time attorney will be needed to meet the new timeframe. The costs are in accordance with the Department of Law's FY2007 timekeeping and billing rate and include personal services and overhead expenses.

<p>The Department of Administration's general services intends to transfer the Dimond Courthouse from the Non-Public Building Fund (N-PBF) Facilities group to the Public Building Fund Facilities group. This will result in improved maintenance, operations and capital improvements to the facility. The primary tenants, the Department of Law and the Court System, will be required to pay annual rent and execute Occupancy Agreements. General Services will transfer a total of \$649.3 of N-PBF General Funds to the tenants occupying the Dimond Courthouse (\$283.8 to Law, and \$365.5 to the Court System).</p>
